

I'll have you know, I'm VERY desirable!

I've gotten hundreds of boys like you online..

..just begging me to take them out..

What the Hell!
You're the one that messaged me!

poke

Alright!
I'll be honest.
You can ask me anything!

But be honest with me too!

Look it's ok to embellish your dating profile a little..

I mean what do you want me to say?

Like, are you really 39?
